

DROMEAS

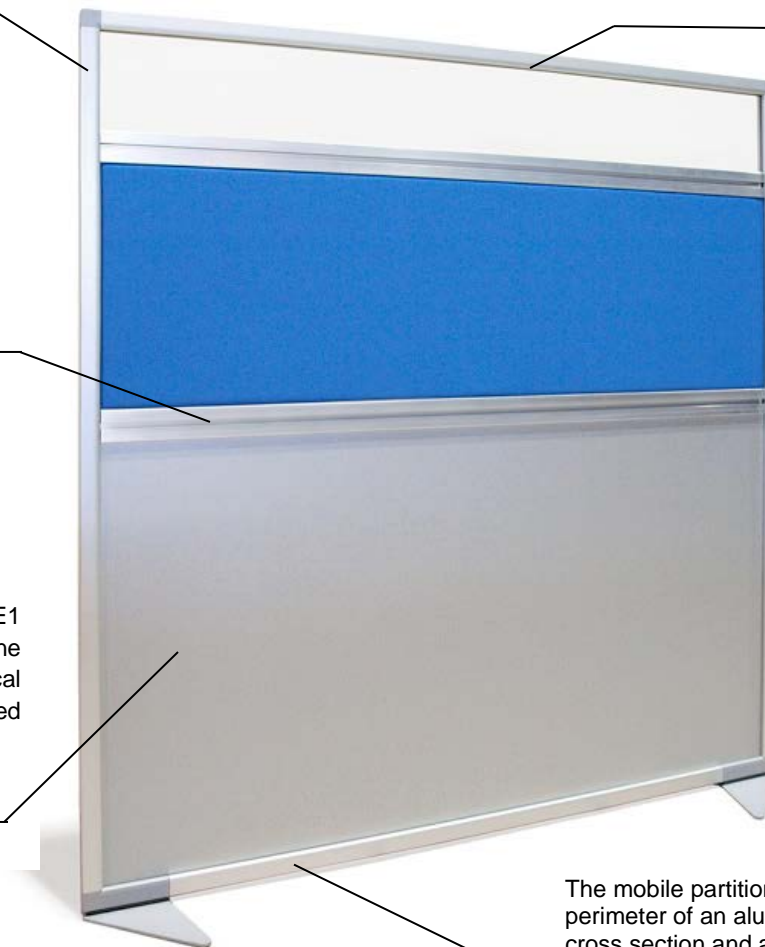

Mobile Flexi Partition

Aluminum perimeter profiles are available in natural anodizing

The mobile partitions are 1100, 1300, 1600 mm high and can be connected to each other in the shape of a cross, T or in a straight line.

All frames accept internal profiles where it is possible to support auxiliary office accessories and cable channels.

The mobile partitions accept E1 chipboard curtains with melamine lining, transparent glass, chemical sandblasting or E1 chipboard lined with fabric.

The mobile partitions are formed around the perimeter of an aluminum profile of rectangular cross section and are supported on special steel soles.
