## NIDO

---

### Sides

The high sides, placed around the P-shaped sofa offer isolation and sound absorption. In particular, the sides are lined with a 15 mm thick sound absorbing foam and a sound absorbing fabric.

### Regulators

At the bottom of the legs there are height adjusting devices with plastic end to protect the floor

### Seat

The seat is wooden (25 mm) and is supported by a metal frame made of stainless steel circular cross section of 26 mm diameter mirror and 2
